

Handwritten technical diagram illustrating a welding process on a copper plate (Messing-Blech). The diagram shows a cross-section of a copper plate with a vertical electrode (Elektrode mit Freimachung) positioned at a weld point. A question mark (?) is placed above the electrode. The diagram is annotated with the following labels:

- 2. Schweisspunkt
- Messing-Blech
- vorhandener Schweisspunkt
- Elektrode mit Freimachung

The diagram is displayed in a PDF viewer window titled "/tmp/H-Daten-KWesendrup-schweissen-.1.pdf". The viewer interface includes a menu bar (Datei, Ansicht, Gehe zu, Hilfe) and a toolbar with various navigation and printing icons. The status bar at the bottom shows the current page (1 von 1) and zoom settings (Größer, Kleiner, Einpassen, Breite einpassen). The taskbar at the bottom of the screen displays the date and time (Mo, 07. Jul, 20:08) and various system icons.
